Sander Christian Worm

Student, participation council member and student council member
at Bertrand Russell college | 8th place National Physics Olympiad |
Self-studying mathematics and physics | Tutor
Amsterdam Area

Summary

Ambitious and intellectually driven (17 year old) student. Curious and
research-oriented towards theoretical aspects of physics. Always
looking for self-improvement and rigorous physical theories.

Experience

Bertrand Russell college
3 months

Participation council member
July 2022 - Present (3 months)
Krommenie, North Holland, Netherlands

Student Council Member
July 2022 - Present (3 months)
Krommenie, North Holland, Netherlands

Self-employed

Tutor
December 2021 - Present (10 months)
Amsterdam Area

Assisting university preparatory secondary education students from various
schools across North Holland. Assistance consists out of diverse strategies,
such as: giving lectures, determining a suitable strategy for studying for each
specific student and teaching students how to master the art of problem
solving. The subjects I teach are chemistry, physics, mathematics and further
mathematics.
